

Add Question:

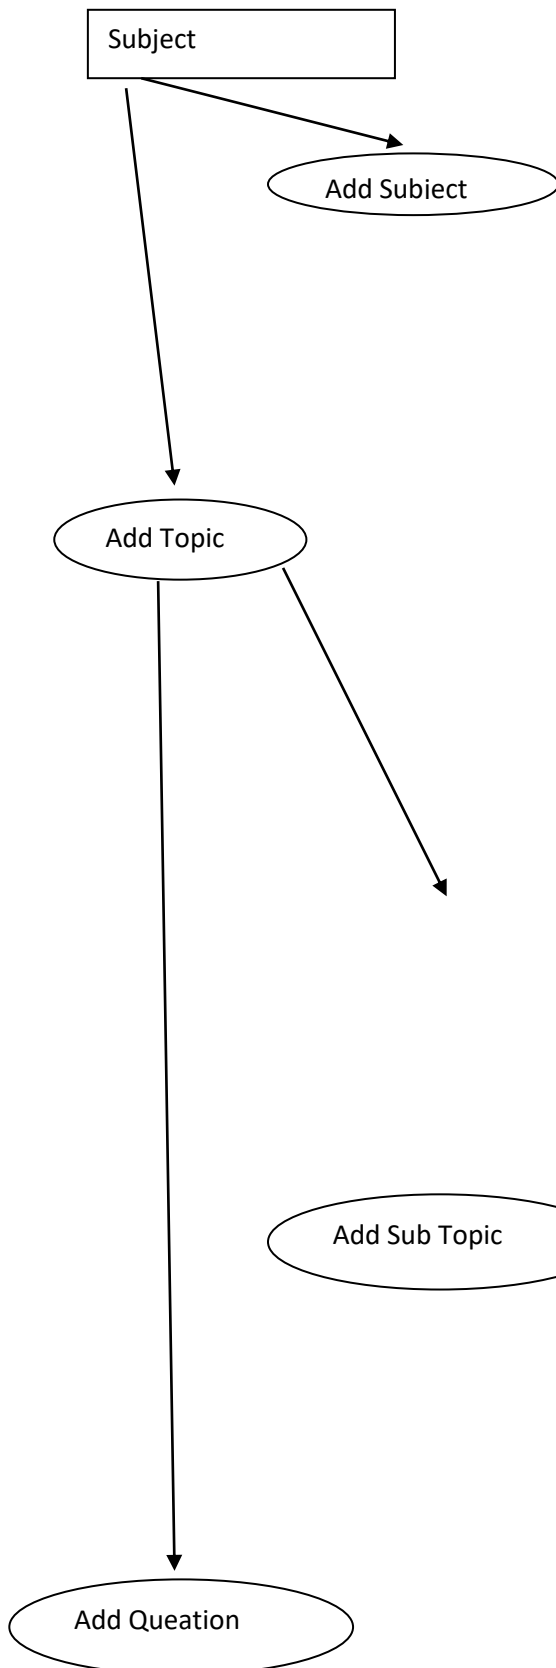

Table1 : name:**Subject**

sub Id | Subject name

Insert into Subject Values(Maths);

Insert into Subject Values(Biology);

Table 2: name:**Topic**

T id | Sub Id | Topic name

Insert into Topic Values(1, trigonometry);

Insert into Topic Values(2, Zology);

Insert into Topic Values(2, botany);

Insert into Topic Values(1, circle);

Table 3 :name: **subtopic**

STid | Subid| Tid |

SubTopicName

Insert into Topic Values(1,1, derivatives);

Insert into Topic Values(1,1, integration);

Insert into Topic Values(2,3,plant);

Table 4 : name **Queation**

Qid | SubId | Tid | SubT Id | Queation

Insert into Topic Values(1,1,1 , what is Derivative of $2xy$?);

Insert into Topic Values(2,3,3 , what is plant life cycle ?);

Insert into Topic Values(1,4,nullable , what is formula for area of circle ?);
